## Track False Start Rule

An athlete must not commence his start until after the gun has been fired. If, in the judgement of the starter, he does so any earlier, it shall be a false start. Any motion by the athlete that does not result in the feet leaving the foot blocks or the hands leaving the ground, it shall not be considered the commencement of the start. To simplify this ruling, if the starter believes that the athlete has tried to go before the gun, the athlete will be disqualified. If the athlete was just moving in the blocks and doesn't look to commence his start, then the starter will stand the athletes up and call it unsteady and start them again. The starters will have the discretion to call it a false start or unsteady. If an athlete moves before the gun but the starter believes that it was due to movement of another athlete, they can stand the athletes up and call it unsteady and restart the race.

## Long Jump

Each competitor shall be allowed three jumps and the six competitors with the best performance shall be allowed three additional jumps.

### Shot Put

Each school shall be allowed two competitors. At the completion of the third throw, the second placed competitor from each school shall be awarded Division points (1st to 9th). Championship points (7th to 9th) shall also be awarded at that time. The remaining six leading throwers shall be allowed three additional throws.

## RETIRED RECORDS Metric/Manual/Electronic

Since 1996 all track events have been timed electronically so manual records have been retired. Since 2000 Shot Put events have been held using metric (kilogram) weights so imperial (pound) weights have been retired. In 2000 Under 13, Under 16 and Open hurdle specifications were altered. From 2005 the Under 14 and Under 15 throwers use the 4kg Shot and from 2006 Under 16 use the 6kg Shot. In 2011 the hurdle specifications in the Under 14, Under 16 and Opens were altered. All respective records have been retired.

## ANSW OFFICIALS SPOTLIGHT – JANET NIXON

Thirty years ago, AAGPS was held for the first time at SOPAC. This venue was built as the warm-up athletics venue for the Sydney 2000 Olympic Games. The 99th AAGPS carnival was one of the very first competitions held at SOPAC, in 1994. Janet Nixon was a photo finish judge on that occasion. Since then, Janet has continued to support many school competitions, at all levels including AAGPS, State, National competitions. Today she is our Technical Delegate – Results.

A life member of ANSW, Janet is one of the most respected photo finish judges in the world and has officiated at the Olympics, Paralympics, IAAF World Championships, IPC World Championships, Commonwealth Games, World Indoors, Goodwill Games, IAAF Grand prix Final, Youth Olympics, World Juniors and more than 15 AAGPS Championships. She was the judge who determined the winner of the Men's 100m in Paris last month.

Janet follows in the footsteps of her family who have for generations been technical officials, being the third member of her family to be awarded Athletics NSW Life Membership, following her grandfather Ray White and father Ian White.

Not all the technical officials working today have worked at international competitions in Paris, but they are all dedicated to ensuring that all our AAGPS athletes have a fair competition. The technical officials on the field, and track as well as those behind the scenes in competition management upstairs are keen to uphold the rules of competition and ensure that our students have an environment to perform at their best. We are thankful for the support and professionalism of Janet and all ANSW Officials here today.
